*Re: Case No. 2004-00427 -- Petition of BellSouth Telecommunications, Inc. to Establish Generic Docket to Consider Amendments to Interconnection Agreements Resulting from Changes of Law – Status Report*

Dear Ms. O'Donnell,

By order dated March 10, 2005, the Commission directed the parties in this docket to inform it in writing by April 15, 2005, of the status of their negotiations as a result of Federal Communications Commission's (FCC's) issuance of the Triennial Review Remand Order (TRRO). Undersigned counsel for Big River Telephone Company ("BRTC") attempted to file this report on April 15, 2005. However, BRTC had not received e-filing credentials in time for the filing and the letter could not be submitted via the Commission's e-filing system. Therefore, the information was submitted to the Commission by email and was served by email on those parties known to be accepting electronic service in this proceeding.

BRTC now has the necessary filing credentials and this letter is being resubmitted using the WWW-based e-filing system. Please accept this response for filing in the proceeding.

On approximately March 14, 2005, BellSouth sent a letter to BRTC requesting negotiations for changes of law related to the TRRO. BRTC and BellSouth are within the period established by their interconnection agreement for negotiating changes of law, and negotiations have not been completed. BRTC is reviewing BellSouth's proposed Attachment 2.
